A Note from our Board -

We hope you've been enjoying your Summer, and you were able to bring Patmos along with you! If you have any great memories of you and your family members utilizing our great services - books, ebooks, wifi hotspots - don't forget to tag us in your social media posts!

As you may recall, earlier in the year we initiated a Community Survey. The results clearly showed that our patrons were loving our ebook features, which are largely accessible with our partnership with Lakeland Library Cooperative. In addition to this accessibility, we are in the works to add a subscription to Hoopla.

Hoopla will be accessible to our patrons in late August by downloading the app from your Google Play Store or the Apple Store on your mobile device. Tune in to our Facebook page and our website for more updates and details about launch.

We've seen a few community members ask about the differences between Libby and Hoopla. Libby is an existing service that offers ebooks, audiobooks and magazines. Hoopla works in tandem with our existing Libby service and offers expanded access to all of that, as well as movies, television shows and music.

Comparing the usage from last year, we've consistently had more digital check-outs. Ebooks and other electronic services will continue to be a function our patrons need. We're proud to offer both of these digital book services to meet the needs of our library community.

-Larry Walton, Patmos Library Board Trustee

Summer Reading 2023
Congratulations to all of our summer readers!

Last Friday, we celebrated another great year for Summer Reading with our Foam Party! Thank you to all who came, and logged reading hours this year.
